# Networth Matrimony ??? Necessary Items for Live Launch

**Date:** October 23, 2026
**Status:** Core tech stack configured (Razorpay test, R2 storage, Cashfree, Firebase, MSG91 Auth Key). Only the following items are needed to move to production.

---

## ???? Strictly Necessary Items to Request from Client / Authorities

### 1. Indian SMS Regulatory Compliance (MSG91 / DLT)

*Without these, telecom operators in India will block promotional and transactional SMS (OTP).*

- [ ] **MSG91 Sender ID** (Approved 6-character brand name, e.g., `NWMTRY`)
- [ ] **MSG91 SMS Template ID** (Approved Flow template ID for OTP delivery)
- [ ] **DLT Entity ID** (Principal Entity ID registered on an Indian DLT platform like Jio/Vodafone/Airtel)
- [ ] **DLT Template ID** (Registered Content Template ID matching the SMS text)

---

### 2. Live Payment Gateway (Razorpay)

*Currently configured with test keys (`rzp_test_...`). Live keys are required for real transactions.*

- [ ] **Razorpay Live Key ID** (`rzp_live_...`)
- [ ] **Razorpay Live Key Secret**
- [ ] **Razorpay Webhook Secret** (Required for secure, automated payment confirmation & profile unlocking)

---

### 3. Mobile App Store Identifiers (App Store & Google Play)

*Required to build production mobile apps (`.ipa` / `.aab`) and publish to TestFlight / Play Console.*

- [ ] **iOS Bundle Identifier** (e.g., `com.networthmatrimony.app`)
- [ ] **Android Package Name** (e.g., `com.networthmatrimony.app`)

---

*Once these items are provided, the platform can be fully built, tested on real devices, and released to production.*
